8. Go to Services> Service marketplace

The screenshot shows the SAP BTP Cockpit interface. On the left, a navigation menu lists various services: Overview, Services (with a dropdown arrow), Service Marketplace (highlighted with a blue arrow), Instances and Subscriptions, Cloud Foundry (with a right arrow), HTML5 Applications, Connectivity (with a dropdown arrow), Destinations, Cloud Connectors, Security (with a dropdown arrow), and Licenses. The main content area displays the 'Subaccount: trial - Service Marketplace' with 'All: 55' items. Below this is a search bar with the placeholder text 'Search' and a magnifying glass icon, followed by filters for 'All Types' and 'All Environments'. The search results are categorized under 'AI' and include two cards: 'Business Entity Recognition Trial' (described as detecting and highlighting entities from unstructured text using machine learning) and 'Data Attribute Recommender' (described as applying machine learning to pre-records).

9. Search for Build process Automation

13. Go to Users and click on this arrow for Roles collection

The screenshot shows the SAP BTP Cockpit interface. On the left, the 'Users' menu item is highlighted with a blue double-headed arrow. The main content area displays a table of users. A blue arrow points to the 'Actions' column of the first user row, which contains a trash icon and a right-pointing arrow. Below the table, the 'Assign Role Collection' dialog is open, showing a list of role collections with checkboxes. The roles 'ProcessAutomationAdmin', 'ProcessAutomationDeveloper', 'ProcessAutomationParticipant', and 'UAA_Token_Exchange' are all selected. A blue arrow points to the 'Assign Role Collection' button at the bottom right of the dialog.
